

**Kit Content:**

- 1 pc Pre-measured container S1301-M part A
- 1 pc Pre-measured container S1301-M part B
- 1 pc Disposable applicator pad
- 1 pc Mixing stick
- 1 pc Mixing instruction sheet
- 1 pc Pair of safety gloves

**Warnings:**

- Take all needed general safety precautions and read epoxy safety datasheets prior to start working.
- Do not mix the epoxy below 18°C (64°F).
- Once mixed, epoxy has a pot life of about 30 min at 23°C and 15 min at 40°C.

**Installation steps:**

1. Pour all of part B into part A – use mixing sticks to scrape down sides of the part B container.
2. Mix part A and B for 1 minute using mixing stick.
3. Carefully apply mixed epoxy as indicated in the product installation instructions.

**For industrial and professional use only.**

**Consult material safety data sheet (BIG\39131 GB and BIG\42806 GB) for further information.**

**For 24 hours emergency assistance**

**Call (+32) 14-584545 in Belgium or Chemtrec (800) 424-9300 or Berry Plastics (888)676-7202**

Berry Plastics warrants that the product conforms to its chemical and physical description and is appropriate for the use stated on the technical data sheet when used in compliance with Berry Plastics written instructions. Since many installation factors are beyond the control of Berry Plastics, the user shall determine the suitability of the products for the intended use and assume all risks and liabilities in connection herewith. Berry Plastics liability is stated in the standard terms and conditions of sale. Berry Plastics makes no other warranty either expressed or implied. All information contained in this technical data sheet is to be used as a guide and is subject to change without notice. This technical data sheet supersedes all previous data sheets on this product.
